

QUALITY AND HEALTH & SAFETY MANAGEMENT SYSTEM

Mozambique Logistics & Equipment Vendor SA - MOLV, SA, is a Holding entity based in Mozambique since 2015, whose scope is to provide purchasing support to industrial companies, mainly Oil, Gas and Mining companies.

Following our motto “More than a trusted partner”, we strive to provide the highest quality service, always considering the quality-price ratio. In this sense, MOLV, SA is committed to identifying and fully complying with the requirements of its Management System based on the normative references ISO 9001:2015 & ISO 45001:2018, through the following:

- Ensuring the satisfaction of its customers and interested parties by meeting their needs and expectations;
- Complying with applicable legal and regulatory requirements;
- Ensuring that our QHSMS is suitable for the purpose, mission, vision and context of MOLV, SA;
- Ensuring the availability of resources for the definition, communication, materialization and review of our QHS objectives;
- Ensuring safe and healthy working conditions to prevent occupational injuries and illnesses;
- Ensuring the identification of hazards and the availability of resources to reduce occupational risks;
- Ensuring effective communication, consultation and participation of interested parties;
- Ensuring continuous improvement of our QHSMS;
- Ensuring the periodic review, implementation, maintenance, communication and understanding of this Policy by all employees and its availability to all interested parties of MOLV, SA whenever deemed necessary.
